

Thank You For The Deutschlandstipendium

Hello AlumniNet e.V.,
Hello Frau Sauckel,

I am writing with immense joy to express my sincere gratitude for sponsoring my Deutschlandstipendium.

As a student who came from Africa to study at Deggendorf Institute of Technology in Germany, I have been deeply impressed by the balance of strong theoretical foundations and hands-on training, which has significantly shaped my understanding of Artificial Intelligence. The university provides a calm and supportive environment that encourages both personal expression and academic growth, and I am truly grateful to be part of this community.

Being supported by the alumni of this esteemed institution is a great honour. It is inspiring to know that those who once walked the same halls, had their own journeys, and went on to achieve their goals, have chosen to give back to their alma mater. This is a truly meaningful and admirable act. I look forward to being able to join this beautiful tradition of helping students financially someday.

Receiving this scholarship not only eases my financial burden but also allows me to focus fully on my studies, academic projects, and personal development as I approach the completion of my degree.

Thank you once again for your generosity and support.

Yours sincerely,
Edward Samlafo-Adams
